RADICAL

CURE.

Sunford's Radical Cure for Cartarrh is a safe, certain, and permanent cure for cutarrh of every form, and is the most perfect remedy ever deviaced. It is parely a vegetable distillation, and is applied locally by insufficient and consiliutionally by internal administration. Locally applied relief is instantaneous. It soothes, heals, and cleanses the meal passages of every feeling of heaviness obstruction duliness or distincts. Constitutionally administered it renovates the blood, purifies it of the acid poison with which it is always charged in catarrh, stimulates the stomach, liver and kidners, perfects digestion, makes new blood, and permits the formation of sound, healthy thesue, and finally obtains complete control over the disease. The remarkable curative powers, when all other remedies interly fail, of Sandford's Radical Cure, are attested by thousands who gratefully recommend it to follow. thus, of Sandora's Radical Cure, are attested by thousands who gratefully recommend it to follow-sufferers. No statement is made regarding it that cannot be substantiated by the most respectable and reliable references. It is a great and good medicine, and worthy all confidence. Each package contains a treatise on cutarrh and Dr. Sanford's Improved Inhalling. Tube, and full directions for its use in all cases. Price \$1.

McHatton, Grant & Brown's Fire and J. Marine Inscrance Agency, 225 Pine Street, St. Louis, Mo., Feb. 7, 1877 A. A. MELLIER, Washington Av., City, -- Dear Mei-A. A. Mellien. Washington Av., City.—Dear Meiliat: I have for some years been troubled with catarrh, and for the past two years have suffered seriously with it. Noticing your advertisement of Sanford's Remedy (Radical Curch I decided to try it. I have used only two bottles, and as a result I feel so much relieved that I persume on our personal relations and write this to you and ask that you take some measures to get it more prominently before the public, that others may have such relief as I have. I have recommended it to quite a number of my friends, all of whom have expressed to me their high selimate of its value and good effects with them.

I really think it particularly adapted to wants of I really think it particularly adapted to wants of St. Louis people, and they all ought to know of it, and those who need it should try it. I will risk the assertion that 1000 I oz. visis (as a sample) to be given away will sell as many bottles. Try some plan. Let the people have it; they need it I believe I could sell 5000 bottles myself-of course you could largely increase this number. Why not try it? Yours truly. WM. BOWEN.

Collin's Voltaic Plasters.

MESSES. WEEKS & POTTER: Gentlemen—One year ago was sched with a severe attack of line year ago was sched with a severe attack of line matism in my right hip to which I was subject. I tried the various limiments and rheamatic cures, but without least benefit, when my son, a druggist, suggested one of your Collins' Volume Pissters. The effect was almost immediately well again, and was able to work upon my farm as usual, whereas, before the application of the plaster. I could do nothing, and every step give me pain. A few weeks since, one year from the first attack, the discuss returned, but I am happy to say the second proved as efficiency as the first, and I am now well. My affer wishes me to add that one plaster has carred her of a very lame back. We think there is nothing in the world of remodies that can compare with the Collins' Volume Plasters for rheumatism and horse back, and chostfully recommend them to the suffering. ERN CITIES QUARANTINED. MEMPHIS. Tenn., Aug. 15.—Thirty-three ew cases of fever and six deaths reported the board of health from nine o'clock ast night to same hour to-night. All these ases are in the district where the disease made its appearance a few days ago. The thorough understanding between physicians, committees of benevolent societies and experienced nurses, it is believed, will prevent the rapid spread of the disease and cause a comparatively light death rate. Thousands of people have left the city, and the board of health are contemplating the removal of those in the infected district who have no place to go. They will

be furnished tents a few miles from the The fever seems to be abating slightly at Grenada, probably because there are but

few people there now to have it. MEMPHIS, Aug. 15 .- The following telegram was sent this morning: To Hon. W. N. McCreary, Secretary of War, Washington, D. C.

NEW ORLEANS, August 15.—New cases of yellow fever reported to-day, 98; deaths, 17. Of the deaths, seven were children under 6 years old; one was 8, one was 14, and NERVOUS DEBILITY, Exhaustion another child whose age was not given. The Times editorially says: "Some remarkable features that characterized the fever in its incipiency continue to characterize it now, in what may be regarded as its matured and developed form. Fully 60 per cent of the deaths are of foreigners or unacclimated people, and fully 75 per cent. of the remainder are of children. It is very rarely that we notice the death of an adult born here or who had lived here any length of time and of whom it can be said that he or she received even moderate attention. Instances of this sort constitute exdeed, leaving out strangers and those persons whose habits of life render them especially liable to malarial influences, the

Quarantine officers will also be stationed in Texas to examine trains coming this way. Steamboats and stages between this city and Pine Bluff have stopped. The Memphis train stopped last night at the county line, and was not permitted to some to the city. Over 100 Memphians were prevented from entering the city. Several came in on foot, and to-day were ordered out. No signs of fever here. Every precaution is being taken to see that it does not reach here. No epidemic ever reached this city, and everybody is confident the fever will not reach here. At this time considerable excitement

prevails among all classes. PEARPUL TIME AT GRENADA. GRENADA, Miss., August 15.—Last night was fearful on yellow fever victims. Death list 14, largest since its appearance. There are ten or twelve new cases to-day. Great excitement prevailed during the day. Many are flying the town. The population is reduced to not over three hundred whites. Total deaths, 45; number of cases down es-timated at one hundred and fifty. The New Orleans physicians pronounced the fever of the most virulent type. The distress is too fearful to contemplate.

CINCINNATI'S SOLITARY CASE.

CINCINNATTI, Aug. 15 .- William Wines of New Orleans, prominent for some time as the only yellow fever patient here, left this morning for New York fully recovered. There is some excitement over the arrival of the tow-boat John D. Porter this afternoon with several cases of yellow fever on board. The health officer boarded her several miles below Lawrenceburg and found the crew in a disabled condition. The boat will not be permitted to land here, and no one allowed to go near her except two physicians who will accompany her to Pittsburg, her destination.
